Visitors are encouraged to change at least some of their money into Canadian funds at a bank or other financial institutions in order to get the most favorable exchange rate. Most merchants accept major credit or debit/bank cards as traveler’s cheques become a less popular choice.

TIPPING
In Canada, it is customary to tip for services such as restaurants, taxis, hairstylists, and valet service. Gratuities are approximately 10-15% of the total bill before tax and 20% for exceptional service.

LANGUAGES
Canada’s official languages are English and French, but most of the population speaks English as either a first or second language. After English and Chinese, the most common languages spoken in Canada are Punjabi, German, Italian, French, Tagalog (Filipino) and Spanish. Many of the Okanagan’s school-age children have been raised speaking a language other than English.

FOR DIALING ASSISTANCE
Dial “0” for the Operator or “411” for Directory Assistance or use an online directory (e.g. yellowpages.ca).

MAKING CALLS

250: covers Kelowna and most of British Columbia
604: covers Vancouver, the Lower Mainland, Fraser Valley, Sunshine Coast, and Howe Sound
778: overlays calling areas between 250 and 604

LONG DISTANCE
To make calls to Canada or the USA, dial 1+(area code)+(phone number) (e.g.1-250-555-1212). For calls outside North America, dial the international country code, the city code and phone number you wish to reach.

WORKDAYS, BUSINESS HOURS & PUBLIC HOLIDAYS
The main workdays are Monday to Friday, from roughly 8 a.m. to 6 p.m., but hours may vary. A number of large retail stores remain open until 9 p.m., and nearly every hotel and motel, plus several restaurants, remain open around the clock. 24 hour bank machines are widely available.

EMPLOYMENT & IMMIGRATION

IMMIGRATION OVERVIEW
Immigration requirements for you and accompanying family members to enter Canada will depend on the type of appointment you have been offered. Your department and Human Resources can help you navigate this process. You are responsible for applying at the nearest Canadian visa office for work permit(s). Children in elementary or secondary school do not require a study permit before entering Canada. Residents of some countries are also required to obtain temporary resident visas. Citizenship and Immigration Canada (CIC) is the federal body that deals with immigration in Canada (cic.gc.ca).

TEMPORARY RESIDENCY
Once all the relevant documents are in place, you will be able to travel to Canada and meet with a Canadian Border Services Officer who will ask you some questions and then staple the necessary (conditional) permits into your passport(s). Each eligible family member can then work or study legally in Canada. If you are a temporary resident visa holder, you need to keep this valid if you want to travel to other countries and return to Canada.

PERMANENT RESIDENCY
You can apply for a Permanent Residency (landed immigrant) status if you have an ongoing appointment at UBC. There are various ways in which you can do this, the following being the most common:

- BC Provincial Nominee Program: Faculty Relations supports tenure stream faculty, when your academic unit ‘nominates’ you to stay and work in Canada.
- Federal Skilled Worker: You apply and the decision is made based on your education, work experience and other set criteria.
- Canadian Experience Class: You can apply if you have recent Canadian work experience or have graduated and recently worked in Canada.

As a Permanent Resident, you are entitled to sponsor adult children, parents and grandparents to join you in Canada. Fees associated with all application routes.

DID YOU KNOW?
Your spouse may receive an open work permit at the Port of Entry matching the duration of your work permit. At the Port of Entry, children will either receive a study permit or a Visitor Record. Children should have two years of official school records translated into English.
CITIZENSHIP
You can apply for Citizenship after being present in Canada for 1,095 days (three years). Days are counted as follows: each day as a Temporary Resident counts as half a day, and each day as a Permanent Resident counts as one day (cic.gc.ca/english/information/applications/adults.asp).

QUESTIONS?
Questions about UBC Immigration Process?
Contact: Faculty Relations
www.hr.ubc.ca/faculty-relations/immigration/
Welcome Relocation Services Centre

BASIC IMMIGRATION PROCESS/ STEPS FOR FOREIGN NATIONALS 1:
1. Your Hiring Department provides you with an offer of employment/appointment which you accept and sign.
2. Your Hiring Department will ask you for various documents and these will be submitted to UBC Human Resources/Faculty Relations to begin the immigration process for your employment.
3. There are normally two ways in which you can obtain a temporary work permit: 1) under a Labour Market Impact Assessment exemption, or 2) through a Labour Market Impact Assessment. Human Resources/Faculty Relations arranges for all Faculty LMIA’s and LMIA exemptions and the results will be reported back to you.
4. You will need to apply for a Work Permit, and possibly a Temporary Resident Visa.
   • Apply for a Work Permit: It is your responsibility to contact Citizenship & Immigration Canada (CIC) to apply for your work permit and any required visas or medical examinations (cic.gc.ca/english/work/apply-how.asp).
   • Apply for a Temporary Resident Visa (TRV) if necessary: Only citizens of certain countries need a TRV (cic.gc.ca/english/visit/visas.asp).
5. Begin arrangements for your move to Canada.
6. You will receive a letter or email from CIC once the Work Permit has been granted. Your Work Permit will be issued upon arrival in Canada so be sure to have your documentation available for inspection:
   • Letter of Offer of employment from UBC, passports, temporary resident visa (if applicable), travel documents (airline tickets, etc.) and any family documentation (marriage, birth certificates).

(1) Immigration advice may be found at cic.gc.ca. While this document contains a brief summary, it is an individual’s responsibility to obtain up-to-date immigration information and advice.
SOCIAL INSURANCE NUMBERS
Every worker in Canada must have a Social Insurance Number (SIN) available through Service Canada (servicecanada.gc.ca). Anyone who is to receive salary or an honorarium also must apply for a SIN from a Service Canada Centre.

All employees are required to present their SIN card to their employer within three days of starting work. Service Canada will issue you a SIN number on the same day you apply as long as you have all of the required documents present. In order to be paid, all employees must supply their SIN and a direct deposit number (from a bank).

BEFORE YOU ARRIVE

LABOUR MARKET IMPACT ASSESSMENT EXEMPTION
Postdoctoral fellows, visiting scientists/professors, award recipients, and citizens from some countries may be able to obtain a pre-approval from CIC for an exemption to the LMIA requirement.

DID YOU KNOW?
The Social Insurance Number (SIN) is a nine-digit number that all individuals need to work in Canada to have access to government programs and benefits.

TIP
Family members need correct documents attached to their passport upon entry into Canada as proof of ‘status’. If your family arrives in Canada after you, they will need to present copies of the same documents that you did.
HEALTH CARE

MEDICAL COVERAGE
The Medical Services Plan (MSP) (www2.gov.bc.ca/gov/content/health/health-drug-coverage/msp) is the provincial government’s medical insurance plan. It pays for medically required services of physicians and surgeons, and for dental and oral surgery when it is medically required to be performed in a hospital. By law, MSP is mandatory for all eligible residents and their dependents so please register for this as soon as you arrive in BC. Premiums for coverage are assessed on a monthly basis and are applicable on an individual, couple, or family rate, based on your status. Effective January 1, 2015, monthly rates are $72.00 for one person, $130.50 for a family of two and $144.00 for a family of three or more. From January 1, 2014, to December 31, 2014 monthly rates are $69.25 for one person, $125.50 for a family of two and $138.50 for a family of three or more.

You can apply for MSP coverage once you arrive in B.C. However, new or returning residents to BC must complete a waiting period before they are eligible for MSP. The waiting period consists of the balance of the month of your arrival, plus two months.

TEMPORARY MEDICAL INSURANCE COVERAGE
During the three month waiting period for MSP, faculty and staff employed or appointed by the University from outside Canada should arrange for private insurance. You may choose to have your temporary health care insurance with UBC’s preferred vendor, David Cummings Insurance Services (david-cummings.com/ubc).

TIP
If you are moving to BC from another Canadian province, you must contact your current health provider and inform them of your relocation. In most circumstances, they will cover your health care for the three month waiting period until MSP is in effect.

LEARN MORE
Learn more about UBC’s comprehensive benefits at: hr.ubc.ca/benefits

Eligible faculty and staff members who hold an appointment of 50% or greater for one year or longer are covered for some of the costs of medical, dental, and other health and welfare benefits.

Your specific benefits entitlement will depend on your employee group.
FINDING MEDICAL OR DENTAL PROFESSIONALS

DENTISTS

There are thousands of general dental practices and specialist across B.C. You can find a Dentist in your neighbourhood through the B.C. Dental Association (bcdental.org).

DOCTORS

Physicians and surgeons are registered through the College of Physicians and Surgeons of BC (cpsbc.ca). Finding a physician may take some time as many doctors have a waiting list. In Kelowna, an alternative resource may be to use a medical drop-in centre. Community medical centres and walk in clinics are staffed by licensed medical personnel for non-emergencies and are open during regular business hours. These centres provide the same services as a family doctor and you can opt to visit on days that a specific doctor is working. Should you have a medical condition any registered doctor can refer you to a specialist.

HOSPITALS

Doctors are on call through the emergency ward at most local hospitals, which are open around the clock. Okanagan-based hospitals are accessed through the Interior Health website (interiorhealth.ca) and include:
- Kelowna General Hospital
- Vernon Jubilee Hospital
- Penticton Regional Hospital

PHARMACIES

Many independent pharmacy/drug stores exist, in addition to those found within large grocery store chains. Examples of large, chain stores with pharmacies include:

HOME & FINANCES

BANKING
All the major Canadian banks have branches in Kelowna. Major banks in the area include the Royal Bank of Canada (RBC), TD Canada Trust, ScotiaBank, the Bank of Montreal, CIBC, HSBC, as well as various local community credit unions such as Interior Savings Credit Union. Many Automated Teller Machines (ATMs) can be found within local vendor stores and service stations. Bank machines often charge for withdrawals and usually dispense in Canadian ($ dollar) currency, with the lowest value being $20.00.

Opening an account is straightforward and you’ll need some identification and preferably something to prove you are receiving earnings. Some types of accounts charge a (small) monthly fee, which will usually cover a certain number of transactions (e.g. withdrawals) a month; some accounts refund this if your balance is kept above a certain amount.

ELECTRICITY & UTILITIES
British Columbia has two major supplies of resources for electricity and natural gas.

- BC Hydro (bchydro.com): generates and distributes electricity.
- FortisBC (fortisbc.com): provides and delivers natural gas.

GROCERY STORES
Common “one-stop” supermarkets include Safeway, Save-On-Foods, the Real Canadian Superstore, Costco and IGA. Smaller community markets include Nesters, Choices, Whole Foods and other independent stores that usually carry a small supply of more urgent “staples” or alternative food choices (e.g. organics).

DID YOU KNOW?
While at UBC, any earnings are considered Canadian income unless otherwise indicated by Canada Revenue Agency (CRA).
TAXES
Taxes pay for many public services like education, health, immigrant services, roads, parks, police and fire protection. All three levels of government (federal, provincial and municipal-local) in Canada collect taxes.

Consumer tax: Residents of British Columbia pay a 5% General Goods and Services (GST) tax applicable to goods and services purchased in British Columbia.

INCOME TAX: By law, deductions are taken from your salary and sent to the federal government. Every year in Canada, you must complete an income tax return. Annual tax filing occurs around February. You can file online on the Canada Revenue Agency website (cra-arc.gc.ca/esrvc-srvc/menu-eng.html). General guides and forms for submitting tax can also be picked up at any postal outlet or Service Canada Office. It is advised you file your tax returns as soon as possible, but the end of April is the due date.

PROPERTY TAX: Local governments send a bill for property taxes to anyone who owns a home, land or building. Find out about property tax assessments or learn about the provincial government’s property tax programs and grants available (bcassessment.ca).

TIP
Ways to file your income tax include doing it yourself (using tax software for your computer), using an online tax service, or going to a business such as H&R Block.

TELEVISION, TELEPHONE & INTERNET SERVICES
The following represent the largest providers of television, telephone and internet service in BC:

- Bell (bell.ca), Shaw (shaw.ca) and Telus (telus.com)

British Columbia has a number of major suppliers of cellular service, as well as some small subsidiaries that “piggyback” off the larger company networks. The larger companies often have more extensive networks whereas a smaller company may try to offer better pricing or more features in an attempt to compete. Companies often offer packages for the consumer or corporate business user and offer monthly plans with or without a contract or pay-as-you-go.

Major cellular providers include:

- Bell (bell.ca), Fido (fido.ca), Rogers (rogers.com) and Telus (telus.com)

NEED A MOBILE CELL PHONE?
Bell, Rogers and Telus offer personal and corporate plans to UBC faculty and staff. Visit it.ubc.ca
TRANSPORTATION

From driving to buses to walking or riding your bike, there are various accessible ways to take you around the city of Kelowna and neighbouring communities.

PUBLIC TRANSPORTATION

The Kelowna transit system has service throughout the City of Kelowna as well as servicing the communities of West Kelowna, Lake Country, Vernon and Peachland. There is also an Express rapidBus that runs through Kelowna directly to UBC Okanagan.

CYCLING

Cycling is not only a form of exercise but is a popular mode of transportation among residents of Kelowna. There are nearly 300 kms of on-street bicycle lanes and 40 kms of separated paved multi-use paths. Kelowna’s ‘Rails with Trails’ pathway is one example of a paved multi-use pathway that provides a safe, accessible route for cyclists.

DRIVING

If you possess a driving license from another Canadian province, the US, or from overseas, your license is valid in British Columbia for a period of 90 days as long as you meet BC’s licensing requirements. Prior to the 90 day grace period you must visit an ICBC driving licensing office (icbc.com) to get a BC license.

TAKING TRANSIT?

Plan your public transit trip in advance using the Kelowna Regional Transit website (transitbc.com/regions/kel/)

TAXIS

Taxi companies are regulated and are at a set rate, but can be expensive and tipping is expected. Some examples of well known taxi companies include Yellow Cab (yellowcabonline.com) and Blacktop & Checker (btccabs.ca).

BUSES

Fares vary depending on the time of day and type of fare payment (e.g. monthly pass, and reduced fares for seniors). You can buy tickets or passes at grocery stores, convenience stores as well as drug stores. Tickets are also available at banking institutions. Fares must be paid in exact change.

All accessible Kelowna Regional Transit buses are equipped with racks that can carry up to two bikes at a time. The bike racks hold most wheel and frame sizes, but were not designed to hold tandem or motor-powered bikes. There is no extra charge to bring your bike on the bus.

AIRPORT

Kelowna International Airport (YLW) plays a vital part in the economic development and prosperity of the Okanagan Valley. Serving 1.44 million passengers annually, YLW offers 64 daily non-stop commercial flights within Canada plus seasonal service to international vacation spots.
