Whenever you’re not getting the results you’re looking for, it’s likely a crucial conversation is keeping you stuck. Whether it’s a problem with poor quality, slow time-to-market, declining customer satisfaction, or a strained relationship—whatever the issue—if you can’t talk honestly with nearly anybody about almost anything, you can expect poor results.

**What Is Crucial Conversations® Training?**

Crucial Conversations teaches skills for creating alignment and agreement by fostering open dialogue around high-stakes, emotional, or risky topics—at all levels of your organization. By learning how to speak and be heard (and encouraging others to do the same), you’ll surface the best ideas, make the highest-quality decisions, and then act on your decisions with unity and commitment.

**What Is a Crucial Conversation?**

A crucial conversation is a discussion between two or more people where the stakes are high, opinions vary, and emotions run strong. These conversations—when handled poorly or ignored—lead to strained relationships and dismal results.

**What Does Crucial Conversations Training Teach?**

Crucial Conversations teaches participants how to:

- Speak persuasively, not abrasively
- Foster teamwork and better decision making
- Build acceptance rather than resistance
- Resolve individual and group disagreements

**Who Needs Crucial Conversations Training?**

Does your organization suffer from taboo topics, deference, disagreement, analysis paralysis, information hoarding, office politics, or alienation? Is your organization battling declining productivity, safety violations, low morale, reduced quality, poor customer satisfaction, or other bottom-line concerns?
